## Part B

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Dibru College adopts the course curriculum provided by Dibrugarh University to which it is affiliated. For effective delivery of curriculum for the benefit of students, we adopt the following measures:

- Academic Calendar: Academic calendar of the college is prepared in conformity with the academic schedule of Dibrugarh University. Accordingly the action plan of the institution for a particular academic session is prepared.
- Class Routine: The Central Routine Committee designs the time table for all the departments and it is displayed at the notice board. A copy of the routine is sent to the Heads of the Departments who allots the classes in the names of the teachers of their concerned department.
- Departmental Meetings: At the beginning of each semester, the head of the departments conducts academic planning meeting with the teachers of their respective department in which teachers are informed about their workload, classes are allotted as per the Master Routine of the college and the syllabi is distributed among the faculty for delivery within a stipulated time frame. The Head of each department hold monthly meetings with the teaching faculty of their respective departments to monitor their progress relating to their delivery of the course curriculum. For any reason, if a faculty fails to complete the allotted syllabi within the stipulated time, the faculty is asked to take extra classes for his/her subject. The meetings act as a platform to address the problems faced by the faculty members in the discharge of the course curriculum. Timely meetings are conducted and instructions are given for submission of assignments and conducting sessional examinations even before the final examination. For effective implementation of the curriculum, the methods used by teachers are lecture delivery, case study method, seminar presentation, library assignments, group discussion, etc. Teachers use the standard reference books prescribed by the university along with the latest information available in the internet and research journals.
- Teachers' Academic Diary: IQAC has designed a Teachers' Academic Diary containing columns for date, the classes taken each day along with any other activity performed by a teacher on that particular day. The period of the Academic Diary is one academic year starting from 1st August to 30th June, excluding the months of semester breaks as per the academic calendar of Dibrugarh University which is followed. The Academic

Diary also contains spaces to record an individual teacher's publications, research activity, seminars/ symposium/ workshops attended as well contribution to the corporate life of the college during a particular academic session. The invigilation duties performed by a teacher along with the number of hours spent on invigilation in each semester are also recorded at the respective spaces provided in the Teachers' Academic Diary. Every teacher is handed over the Teachers' Academic Diary at the beginning of each academic session so that records are maintained from the first day of the session itself.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

#### Feedback Obtained

The feedback forms for students, teachers, employers, alumni are designed as per NAAC/UGC/Assam Govt. guidelines. The questionnaires were handed over by the Principal of the college to the Head of the departments who distributed them among the respondents to provide their feedback. The filled up questionnaires were then submitted to the IQAC by the HoDs. IQAC process the raw data and prepare a report. The report then handed over to Principal so that he can take appropriate measures for the overall development of the college. Among all the feedbacks, the student's feedback is given more importance. The questionnaire for student's feedback consisted of 14 close ended questions and each question was based on 04 point Likert type scale, with the most positive response being rated as 4 (Four) and the most negative response being rated as 0 (Zero). The respondents were those 6th Semester students who had an attendance of 75 or more in class. The responses were considered to be satisfactory for those questions where the average score was 3 and above, less than satisfactory for those questions where the average score was between 1 to 3 and poor for those questions where the average score was less than 1. Teachers feedback and employee's feedback are collected every year with a structured questionnaire. The questionnaires are distributed and collected in the first week of November every year. The collected questionnaires are then process and prepare a report by IQAC. The report is submitted to the Principal in the last week of November.

## CRITERION II – TEACHING- LEARNING AND EVALUATION

### 2.1 – Student Enrolment and Profile

#### 2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled
BA		300	643	291
BSc		210	338	208
BCom		300	557	206
<a href="#">View File</a>				

### 2.2 – Catering to Student Diversity

#### 2.2.1 – Student - Full time teacher ratio (current year data)

Year	Number of students enrolled in the institution (UG)	Number of students enrolled in the institution (PG)	Number of fulltime teachers available in the institution teaching only UG courses	Number of fulltime teachers available in the institution teaching only PG courses	Number of teachers teaching both UG and PG courses
2018	705	0	51	0	0

### 2.3 – Teaching - Learning Process

2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc. (current year data)

Number of Teachers on Roll	Number of teachers using ICT (LMS, e-Resources)	ICT Tools and resources available	Number of ICT enabled Classrooms	Number of smart classrooms	E-resources and techniques used

51	19	20	10	3	5
----	----	----	----	---	---

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Students' Mentoring System has been introduced in the college from the session 201819 which encompasses the speciality students of each department. The Mentors maintain the Students' Mentoring Diary designed by IQAC and provided to them at the beginning of each session. The diary contains spaces for entering particulars of the mentees and their performance in sessional exams, the previous end – semester examinations, their attendance in class etc. the total number of mentees with each mentor is calculated using the formula ' Total number of students having Speciality course/ Total number of teachers in the department.' Each teacher has to monitor the performance and progress of their mentees, hold meetings with them every month and record the proceedings of each meeting in the Students' Mentoring Diary provided to each mentor. The Mentors hold maximum two meetings in each month with their mentees and offer guidance and counselling in matters wherever required. In exceptional cases, parents are also called for counselling by holding special meetings with them with the suggestion of the Head of the Department. If a student is identified as being weak in a particular subject, the mentor appraises the concerned teachers who teach the subject. The basic problem faced in implementing this system is that it is not possible to hold formal meetings with the mentees during those months which have many holidays like during the months of Bihu and Durga Puja etc. Even during these times, mentoring is done over the phone or informally which, however, is not recorded in the Students' Mentoring Diary. The benefit that can be seen after introducing the Mentoring System is that the attendance of the students in the classroom has improved.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
1818	51	1 : 36

## 2.4 – Teacher Profile and Quality

### 2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D

#### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

As an affiliated institution, the college follows the norms of the affiliating university i.e. Dibrugarh University regarding the conduct of in semester/ sessional examination and its evaluation. At the beginning of the semester, the faculty members inform the students about the various components in the assessment process during the semester. There are 20 marks for internal assessment and 80 marks for endsemester examination in each course during each semester. The internal assessment of 20 marks comprises of four components viz. Sessional Examination I (written), Sessional Examination II (written), Seminar/ Group Discussion/ Home Assignment and Attendance each of which has been assigned 25 of the total marks allotted for Internal Assessment i.e 20 marks. Thus the college conducts two Sessional Examinations in each semester besides conducting Group Discussions, Seminars and giving Home Assignments to the students as part of the continuous evaluation process. If a course is taught by more than one teacher, then the concerned teachers jointly conduct Internal Assessment. Besides the above mentioned mandatory continuous assessment practices adopted by the college, the departments also conduct class tests (both oral and written) and also library assignments to the students to be completed within a stipulated time during the college hours. Evaluation system is transparent. The answer scripts are normally evaluated within ten days of the completion of the paper after which the students are encouraged to go through their evaluated scripts in the presence of the teacher concerned where their mistakes are pointed out and their complaints, if any, are addressed.

#### 2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Dibru College is affiliated to Dibrugarh University and as such it follows the Academic calendar prepared by the affiliating university and also takes into consideration holidays and semester breaks as laid down in the academic calendar. The academic calendar mentions a stipulated time range for the conduct of various activities like holding sessional as well as semester examinations, organising college week, holding Students' Union Election and so on and the time frame provided is strictly adhered to by the college. The college selects a suitable date / dates from the time range provided for the conduct of various activities. Each department has a built - in mechanism to ensure that the syllabi are completed and sessional exams are conducted within the specific time frame mentioned in the Academic Calendar. The Academic Calendar is communicated to the students by displaying it in the departmental

Notice board. If the university changes its schedule or postpones its examination, the college makes the changes accordingly.

**7.2 – Best Practices**

7.2.1 – Describe at least two institutional best practices

**BEST PRACTICES – I GREENERY AND CLEANLINESS OF THE COLLEGE** Goal Cleanliness in college campus is one worth mentioning good practice in our college. The main aim of this practice is to keep the college campus green and clean. Because, Dibru College family believes in sound learning in green campus. Further, through this greening and cleanliness practice, efforts are made to create awareness among the students to live with nature. They are taught to treat environment as their friend. The last aim of this practice is to aware the student community regarding the conservation aspects of nature. The Context In the recent time, the nature is being destroyed rapidly due to excessive use. Therefore, it is immensely important to preserve the nature in all possible ways. When a student learns about the conservation of nature, he/she can also help his family and neighbourhood by making them aware about the importance of nature. Therefore, Dibru College family has made humble attempt to aware the student about the importance of nature through its "CLEAN AND GREEN" practice. Eventhough the conservation of nature is challenging in modern times it can be possible only by educating the students and involving them practically in the field. The Practice It is this idea of 'CLEAN AND GREEN' which we want to inculcate in Dibruans so that they take responsibility in themselves to make their surroundings clean. ? Holding awareness camp on conservation of nature from time to time. ? Planting trees in campus and in different local schools in association with the respective school. We also seek advice and help from different organization like Assam Science Society etc. ? Enough number of dustbins are placed in the college campus. ? Vermicompost unit for disposing college organic waste. ? Celebration of important dates related to our best practice. Problems encountered and Resources Required • Since the town where our college is situated is prone to flood. Sometimes different useful plants are destroyed by the flood water. • Greenery and Cleanliness can be more effective and extensive if we associate with NGOs or institutions having expertise in respective field. Efforts are being made to tie up with NGOs or institutions. • Due to lack of awareness, the bamboo protection cover for the sapling is destroyed before the plant attains a safe height. **BEST PRACTICES – II ANNUAL LECTURE** Goal: To provide a good platform to the audience and especially the young students to interact with an eminent person who graces the occasion as the invited speaker. For this programme, the college aims to have such a person a a Guest Speaker who has made a significant contribution to their field of work whether humanities, science, music, drama, sports and so on and at the same time has contributed towards the betterment of the society. The Context The annual lecture series seeks to inform, promote and also contribute to the ongoing debate on any field of humanities, science, music, drama, sports and so on. The target audience for the programme includes academicians (both retired as well as those presently in service), professionals and other persons

from Dibrugarh who are interested in such programmes, besides the teaching and nonteaching staff of the college and the students of the host college as well as interested students from various academic institutions of Dibrugarh. The Practice The program organised annually at a date which is convenient for both the speaker and the students. A Committee within the members from IQAC Committee is formed for organizing the programme. A general meeting including teaching staff, non teaching staff, student representative is conveyed for discussion about the programme. Students from nearby colleges are also invited for the programme. A special time slot is kept for interaction with the invited speaker by the students. Problems encountered and resource constraints Due to busy schedule of the guest speaker, sometimes, it is difficult to get the speaker. Due to resource constraints, it is not yet possible to invite international speaker.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Earning while Learning : In conformity with the vision of the college Earning while Learning, the college has a Morning Shift besides having a Day Shift for the enrollment of students of the Arts and the Commerce streams. The classes of the Morning shift are held from 7a.m. to 11a.m., the last class usually being a combined class with the Day Shift. It has been observed that most of the students of the Arts and the Commerce streams donot come from economically affluent families and they often cite their needs to financially contribute to their families and at the same time express their desire to continue with their studies. The timing of classes is the Morning shift is designed in such a way that it is conducive for the students of the Morning Shift to attend to their job or any entrepreneurial activity which provides them a source of earning after attending their regular classes.
