Dibru College Strategic/ perspective plan

The approach to apply for governmental as well as non-governmental grants for the development of the college has been one of the most important plans of the Strategic/Approach Plan. The mobilization of financial resources and its deployment is one of the crucially significant for the growth of an institution.

Outlook of activity successfully implemented:

In fulfilment of the clause of the Strategic/ Approach Plan in respect of up gradation of the existing facilities of the college, the principal with the approval of the Governing Body prepared a DPR involving competent persons and authority. RUSA grants to the tune of Rs. 46, 98,351/- under Head of Laboratory, renovation/up-gradation of existing facilities under 2.0 cycle in the year 2020. 90% of the amount was borne by the central government while the remaining 10% was provided by the government of Assam. This entire sum sanctioned is being utilized in phrase manner.

Hence, it can be concluded that the institution has made a sincere effort to reach out to various sources of funds and sectors to mobilize funds as outlined in its Approach/ Strategic Plan. The institution has been successful in receiving various types of financial assistance both from the government and non-government quarters for its academic and administrative upliftment.
